

Dear

The **Africa Automation Fair** and **Connected Industries Conference** will take place from June 04-06 at the Blue Wing Conference & Event Venue, The Ticketpro Dome, Johannesburg. I would like to request approval to attend this conference, this will enable me and our company to learn more about the automation strategies and technologies we are currently using and/or those we should be implementing to benefit our operation.

The Africa Automation Fair is Africa's largest showcase of Industrial Automation and Smart control technologies, Organised by Reed Exhibitions South Africa and endorsed by the SAIMC "Society for Automation, Instrumentation, Measurement and Control". AAF brings together local and international manufacturers from various industries; system integrators; engineering consultants, equipment builders and automation solution providers.

The Connected Industries Conference puts a spotlight on the Fourth Industrial Revolution and the impact it will have on the South African economy. Organised by Reed Exhibitions South Africa and endorsed by the SAIMC, DTI, DST, BMF and the CSIR.

The **Connected Industries Conference** provides an unrivalled opportunity to see what manufacturers are achieving through the implementation of new technologies – real world solutions that I will bring back and share with our team.

The exhibition floor has **3 industry focused workshops** to choose from, each led by industry experts on current product innovations and product knowledge and education of these innovations.

Unique Networking Opportunities for delegates to connect with industry leaders on the exhibition floor, exhibitor VIP network functions, conference Q&A sessions, live interactive demonstration/simulation and more. This will enable me to meet with industry experts, meet presenters and visit leading exhibits. These connections can benefit our company long after the conference ends.

You can view this year's program at connectedindustries.co.za

Cost to Attend:

1 Full Day	R 4000 p/p
2 Full Days	R 6500 p/p
3 Full Days	R 8500 p/p

Breakfast, Mid-morning refreshments, Lunch and afternoon tea is included with conference admission.

Thank you for considering my request to attend the Connected Industries Conference running alongside the Africa Automation Fair 2019.

Sincerely,
